AMI-HZ3815	3" x 8'	Haz-Mat Yellow Sock	15/Case

AMI-HZ3430

BOOMS & HAZ-MAT ABSORBENTS

White Oil-Only Booms & Sweeps

- **Booms** absorb oil from ditches, streams, retention ponds and waterways
- Designed to float on water and absorb only oil while repelling water
- Made of 100% polypropylene, will not deteriorate
- Metal clips allow fastening together for multiple boom application
- **Sweeps** are designed to remove thin oil sheens on water not absorbed by booms
- Convenient loops on each end of sweeps allow retrieval ropes to be attached

Part	Size	Description	Pack
*11505	5" x 10'	Oil-Only Booms	4/Bale
11505-B	5" x 10'	Oil-Only Booms	4/Box
11508	8" x 10'	Oil-Only Booms	4/Bale

CLEANING RAGS & SHOP TOWELS

Reclaimed Cleaning Rags

Reclaimed rags are inexpensive, tough, highly absorbent, and an environmentally-friendly option. Our rags and towels are packaged in standard 25lb and 50lb boxes. Please reach out for other special box size options.

RECLAIMED T-SHIRT RAGS			
			
WHITE		MULTI-COLORED	
Part:	30-550	Part:	20-202
Material:	Recycled Cotton-Blend		
Colors:	White, Multi-colored, Gray		

- Contains recycled knit material from t-shirts, polo shirts, or similar knit apparel
- Preferred option for water, grease, and oil
- All-purpose, soft, and durable wiping cloth with high absorbency

RECLAIMED SWEATSHIRT RAGS			
			
WHITE		MULTI-COLORED	
Part:	20-206W	Part:	20-206
Material:	Recycled Cotton-Blend		
Colors:	White, Multi-colored, Gray		

- Contains recycled knit material from sweatshirts, sweatpants, or fleece apparel
- Economical solution for grease, oil, dirt, cement, and grime
- Sweatshirt rags tend to have a smooth jersey texture on one side with a fluffier 'downy' style texture on the reverse side

RECLAIMED FLANNEL RAGS			
			
WHITE		MULTI-COLORED	
Part:	20-204W	Part:	20-204
Material:	Recycled Flannel		
Colors:	White, Multi-colored		

- Contains recycled flannel material from pajamas, shirts, sheets, or flannel apparel
- Often preferred for heavy duty industrial shops and auto applications
- Thick and highly absorbent

Ask about our wide range of paper wiper options for all of your cleaning needs!

New Knit Rags & Shop Towels

New knit t-shirt rags are never used and are cut from new rags mill-end material. Shop towels are 100% cotton, hemmed, and washable for repeated use. Our rags and towels are packaged in standard 25lb and 50lb boxes. Please reach out for other special box size options.

NEW KNIT RAGS			
			
WHITE		GRAY	
Part:	10-100	Part:	10-100G
Material:	New Cotton-Blend		
Colors:	White, Gray, Tan		

- New cotton-blend knit t-shirt material is soft, durable, highly absorbent, low-lint, and cut to wiper size
- Ideal for all-purpose cleaning, vehicle maintenance, oil application, and furniture staining

SHOP TOWELS			
			
WHITE BAR MOPS		BLUE HUCK TOWELS	
Part:	40-3000	Part:	30-250ST
Material:	Cotton Hemmed Towels

16220 16220-RF	Haz-Mat Responder Pack Spill Kit Bag Refill Contents for #16220

Mini Responder Pack Spill Kits

Choose from Universal, Oil-Only, or Haz-Mat spill kits. All mini responder pack kits are packed in a water resistant nylon bag with zipper. Kits can be strategically located near loading docks, forklifts, and fluid storage areas.

All Responder Pack Kits absorb up to 7 gallons.

LABPACKS, OVERPACKS & STORAGE DRUMS

Labpack Drums, Overpack Drums, & Salvage Drums

All Lab Packs, Overpacks and Salvage Drums are constructed of tough, chemical resistant high density polyethylene. Overpacks meet Groups I, II and III packaging standards for hazardous materials. They are also nestable and include UV inhibitors. Screw top lids provide a secure tight seal and allow the container to incinerate completely. Labpacks and have either a screw on lid or Plastic lever-lock or Metal lever-lock and are ideal for storage, clean up and spill containment.

DRAIN PROTECTORS & PLUGS

Square Drain Protector Safety Seals

The fastest, most economical way to respond to industrial spill incidents. Flexible hi-vis polyurethane is resistant to many chemicals. Cleans easily with soap and water, so they can be used over and over again.

Part	Size	Description
16917	18" x 18"	Square Hi-Vis 1/2" Thick
16918	24" x 24"	Square Hi-Vis 1/2" Thick
*16916	36" x 36"	Square Hi-Vis 1/2" Thick
16919	48" x 48"	Square Hi-Vis 1/2" Thick
16931	18" x 18"	Square Hi-Vis 1/4" Thick
*16933	24" x 24"	Square Hi-Vis 1/4" Thick
*16935	36" x 36"	Square Hi-Vis 1/4" Thick
16937	42" x 42"	Square Hi-Vis 1/4" Thick
16939	48" x 48"	Square Hi-Vis 1/4" Thick
16938	18" x 60"	Rectangle Hi-Vis 1/4" Thick
16940	36" x 60"	Rectangle Hi-Vis 1/4" Thick

Round Drain Protector Safety Seals

Round drain protectors are made of flexible hi-vis polyurethane and are reversible and chemically resistant. Cleans easily with soap and water, so they can be used over and over again.

Part	Size	Description
16941	12" Diameter	Round His-Vis 1/4" Thick
16943	20" Diameter	Round His-Vis 1/4" Thick
16945	30" Diameter	Round His-Vis 1/4" Thick
*16947	42" Diameter	Round His-Vis 1/4" Thick

Spillberm & Accessories

Non-absorbent dike forms a leakproof seal on most smooth surfaces so liquids will not sneak underneath. The special chemical-resistant urethane is resistant to most chemicals. Cleans easily with soap and water, so they can be used over and over again.

Part	Size	Description
ASPB10C	10' x 1.37" x 2.25"	Small Spillberm Dike
*11001	10' x 4" x 2.25"	Large Spillberm Dike
11002		Spillberm Corner
11003		Spillberm Connector

Conical Drain Plugs

Stop spills from entering circular drains. Easy to install and remove. Tough, chemical resistant material forms tight seal. Cleans easily with soap and water, so they can be used over and over again.

Part	Description	Pack
16914	For 2" Diameter Drains	1/Box
16913	For 3" Diameter Drains	1/Box
16912	For 4" Diameter Drains	1/Box

Patching Mix

Two-Part Epoxy Stick is an easy-to-use repair putty. Ideal for patching cracks and small holes because it hardens like steel. After setting up it can be drilled, tapped, sanded and painted. **Plug N' Dike Premix** designed to plug fuels and chemicals. No surface preparation necessary, just apply directly over the leak.

Part	Description	Pack
11063	Repair Putty Two-Part Epoxy Sticks	24/Box
11068	Plug N' Dike Premix	1lb Tub
11070	Plug N' Dike Premix	4lb Tub
11069	Plug N' Dike Premix	10lb Tub

STORMWATER DRAIN PROTECTORS

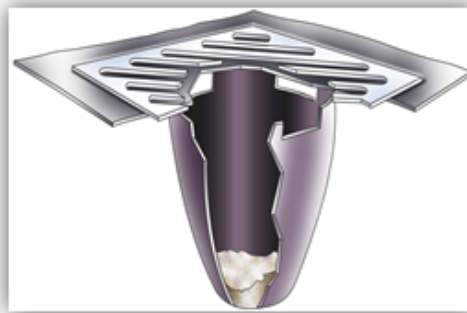

Exceeds 80% sediment removal efficiency. Helps comply with NPDES, 40 CFR 122.26 (1999) when used as Best Management Practice in Stormwater Pollution Prevention Plans.

The stormwater and sediment drain protectors are engineered to filter stormwater waste before it becomes a problem in the water system. As a storm drain filter, it removes contaminants like litter, sand, and oil from stormwater flow. Its easy installation makes it ideal for industrial facilities, construction sites, and parking lots where stormwater runoff is likely to carry oil, eroded soil, debris, and fuel contaminants from cars.

To install, simply raise the grate, place the drain guard over the opening, and carefully lower the grate back in place. As a final step, pinch the fabric in place to keep it secure. To remove, carefully lift from the straps.

SPILL PALLETS & SECONDARY CONTAINMENT

Spill Containment Pallets & Platforms

All spill platforms are made from high performance engineered plastic construction for excellent chemical resistance, impact durability, and long life. Heavy duty grating removes easily for cleaning. Many of the spill pallets are available with or without a drain and are compatible with the ramp attachment. Containment pallets meet EPA 40 CFR 264.175 regulations.

Part	Description	Dimensions	Sump Capacity	Drain
1633	1-Drum Spill Platform	26.25" x 26" x 6.5"	15 Gallons	No Drain

IBC Spill Containment Units

IBC gives bulk container users more versatile spill containment. The polyethylene construction will not rust or corrode. The unit has a 10,000-pound load capacity and it features a large 400-gallon secondary spill capacity. Compliance: EPA 40 CFR 264.175 SPCC.

Part	Description	Dimensions	Sump Capacity
*1683D	IBC Containment Unit with Polyethylene Platform (with Drain)	67" x 67" x 26"	400 Gallons
1683	IBC Unit with Polyethylene Platform (without Drain)	67" x 67" x 26"	400 Gallons

SAFETY CABINETS & STORAGE CANS

Safety Storage Cabinets

Store flammable liquids, paint, or haz-mat liquids safely near work areas in safety cabinets. All metal cabinets are constructed of 18-gauge steel with double-wall construction and meet NFPA 30 and OSHA requirements. Multiple colors and sizes available.

Safety Storage Cans

Safety Storage Cans prevent fires and explosions by controlling flammable vapors. Our heavy-duty metal safety cans are American-made and provide a safe and convenient way to carry, pour and store flammable liquid or fuel. Safety cans are accepted under CARB, meet OSHA and NFPA Code 30 requirements, are UL and ULC-listed, and FM-approved for safe storage and handling of flammable liquids. Most safety cans are available in Red or Yellow.

Part	Description	Dimensions
*UI-20-FS	2-Gallon Steel Safety Can with Funnel	11.25" x 9.5"

U2-51-S

Plunger Cans & Waste Cans

Plunger Cans dispense flammable liquids and solvents safely, without waste or exposure. Made of chemically resistant Brass & Ryton, the pump base is designed to leave less liquid in the bottom before having to refill. Pushing down on the pump fills the upper pan with liquid. Surplus liquid drains safely back into reservoir. The perforated upper pan serves as a flame arrester.

Waste Cans are used for rags and cloths soaked with solvents, thinners, oils, and flammable liquids that present a serious fire risk when improperly discarded. Lid opens to no more than 60 degrees and stays closed when not in use, isolating contents from fire sources and limiting oxygen to virtually eliminate the risk of spontaneous combustion.
